That is one of the big advantages of the

New Perfection
Oil Cook-stove

When you are through cooking you simply turn out the flame. There is no waste of fuel. And yet you can have full heat again when it's wanted, by merely striking a match.

The NEW PERFECTION COOK STOVE is much neater and cleaner than an ordinary range; no dirty fuel; no ashes. Ask your dealer for the New Perfection Stove. It bakes, broils, roasts or toasts.

COMMISSIONERS
INVESTIGATE
TRADE

Following some months spent in touring the Australian commonwealth, with a view of carrying forward an exhaustive investigation of trade possibilities between the several dominions controlled by the British government, Sir Edgar Vincent, Hon. Edgar R. Bowring, E. J. Harding and H. A. Bridgeman comprise a party known as Dominion Commissioners, which is now returning to London by the way of the United States, in the Oceanic liner Ventura.

The commissioners will devote considerable time to making inquiry concerning trade extension along the Pacific coast cities before proceeding to New York and thence to London.

The matter of subsidies has also received much consideration at the hands of the party while carrying on its investigation in Australia.

During the stay of the commissioners at Melbourne and Sydney, they were given opportunity to feel the effect of the recent labor disturbance there. One or more big strikes were brought to a close before their departure.

MARRIAGES AND
DIVORCES COME
HIGH IN KANSAS

KANSAS CITY, Kan.—It is sad but true that marriages cost 50 cents more than they did in Kansas and divorces have jumped \$10. These are permanent prices.

The advanced quotations on divorces may be dodged, but the increase in marriage costs cannot. The h. c. of l. went into effect with the publication of the Kansas session laws.

The advance in marriage licenses—they are now \$2.50—is due to the curiosity of the state. The state insists on knowing the age of every one getting married, and the application and return must be filed with the registrar of social statistics in Topeka. The extra 50 cents goes to him. And no "over 18" business—the way many women have given their age—will be accepted.

Then the law also affects elopers. When the license is taken out, the name and address of the minister who is going to perform the ceremony must be given to the license clerk. Should an irate parent arrive, he can be directed to the minister, and maybe have the marriage stopped.

The rise in divorces is due to a provision made for a divorce proctor. The proctor will be paid by the county commissioners, but his salary cannot in any event exceed the income from the divorces. To be sure he received enough pay, the legislators tacked on an additional \$10 to the cost, which will go into the proctor's fund. The costs were paid in 271 cases in Wyandotte county last year. The business of the proctor will be looked after by James M. Meek, the county attorney, and the deputies in his office.

It will be impossible for wily lawyers to slip over any hurry-up cases. Every divorce case must be signed by the proctor before it is filed, and then it will be investigated. The suit must be on file sixty days before trial.

HEAD IS DAMAGE-
PROOF, BUT NOT
SHINS OF NEGRO

KANSAS CITY, Mo.—When Jasper White, a negro porter employed at the barber shop of Huff & Bolding, Sixth street and Minnesota, Kansas City, Kan., shook the supports of a porch in the rear of the shop a heavy stove became dislodged and fell, striking White on the head and shattering into a dozen pieces.

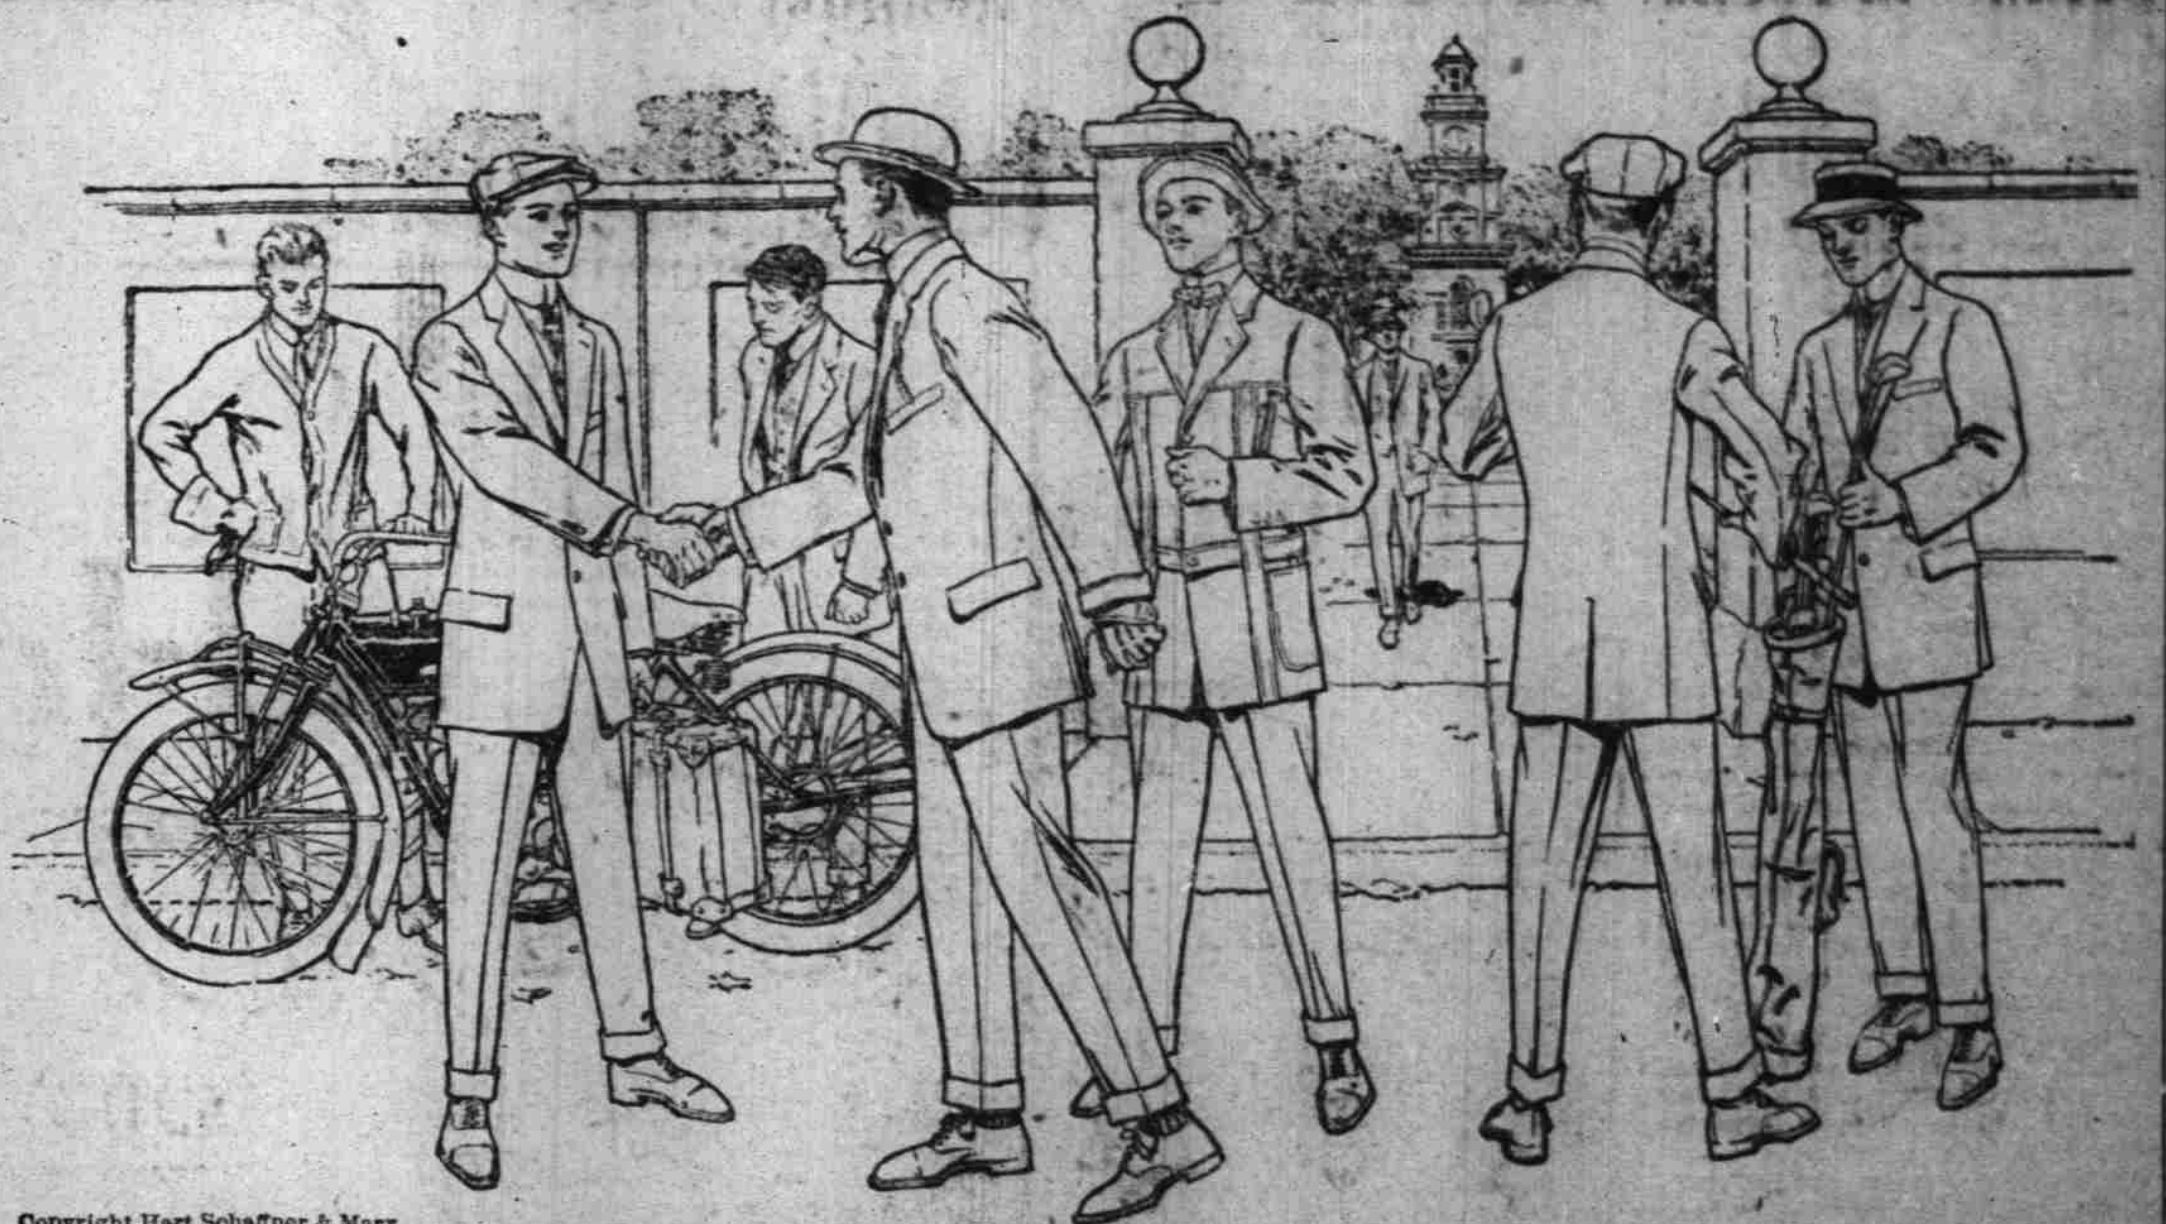

Several barbers who had seen the stove fall ran from the shop to find what they supposed would be White's crushed and mangled body. To their astonishment, the negro was sitting among the ruins with a broad grin on his face.

The porter was instructed to gather up the fragments of iron and carry them away. He had been engaged about five minutes when the employer of the shop heard an awful yell. They ran forth again and found the negro on the ground, his eyes rolling and his face screwed up with pain.

They were just about to send for a doctor when the negro recovered sufficiently to tell them he had barked his shin on a stove leg.

Is this your boy?

Is he too weak and sickly to join his companions in play, and are you helpless in spite of your utmost efforts to make him well?

What have you done toward building up his blood? Pure, red blood is what he needs most, if he is to become active and strong. It is the lack of it that causes his paleness, listlessness, poor appetite, lack of ambition, sleeplessness and shortness of breath.

Have you given him Dr. Williams' Pink Pills for Pale People? They are the remedy every growing boy or girl needs to build up the blood and bring health, strength, a good color, a hearty appetite and strong nerves.

Mrs. John Blake, whose address is R. F. D. No. 2, Verona, N. Y., says: "We had Howard treated by a doctor for several weeks but he became no better. He had scarcely any blood, was thin, weak and badly run down. We felt that something had to be done quickly and turned to Dr. Williams' Pink Pills. They started to build up his blood at once. His color became healthy, he grew stronger and in a few weeks was as well as ever."

Dr. Williams' Pink Pills for Pale People are valuable in all diseases where the blood is at fault, as in chlorosis, rheumatism, after-effects of the grip and fever, headaches and all run-down conditions.

An instructive booklet, "Building Up the Blood" will be sent free upon request. Get the pills from your druggist at 50 cents per box, six boxes for \$2.50 or from the
